Reach People The Rapid Announce Way

Rapid Announce is a voice messaging system allows you to reach thousands of contacts with personalized messages within minutes. Rapid Announce gives you calling speed and capacity without any capital outlay. Rapid Announce is web-based, so there are no set-up fees, no hardware to buy, no software to buy, no maintenance costs, no minimum usage requirements, no training or service fees, and no recording costs.

Our Web based framework allows you to conduct your campaign from any location, at any time, using a computer connected to the internet. Not only does Rapid Announce offer the most cost effective means of mass communication, we also provide personalized attention; by continuously, adding features that our customers request. Reach people quickly, easily, and cost-effectively... the Rapid Announce way.

Rapid Announce... Simple, Efficient, Effective, Economical

Simple

Since Rapid Announce is web-based, it is easy to establish an account and begin conducting messaging campaigns. Only a telephone or a web-enabled computer is required to obtain a user name and password. Once you establish your account, you can easily create a call group, record your message, and send the message at your convenience. [Learn More...](#)

**Test Drive
Rapid Announce
with a 10-Day Trial**

Take Rapid Announce for a 10-day test drive, the specifics are below.

Rapid Announce does not use VoIP; all incoming and outgoing lines are T1 telephone line service so your contacts will benefit from a clear crisp call on every call. Usage is good for the 48 contiguous States and District of Columbia, does not include AK, HI or US Territories. During the trial period usage is (\$.05) 5 cents per minute. Usage billed in increments of 6 seconds and you pay only for usage on the connected calls.

The usage is in blocks of 1000 minutes (1000 x \$.05) \$50 payable in advance with a credit card (MC, Visa, Discover, and Amex). The minimum block is 1000 minutes. [Learn More...](#)
